

FOREWAY Project Thematic Workshop on "Carbon Offsetting: Balancing Opportunities and Challenges"

Preliminary program

Tuesday, October 22nd, 2024

09h00	09h30	Registration
09h30	10h00	Welcome and presentation
10h00	11h10	Session 1: Carbon accounting and potential
11h10	11h20	Coffee Break
11h20	13h00	Session 2: Challenges and opportunities for carbon offsetting
13h00	14h15	Network lunch
14h15	15h45	Session 3: Market perspectives (from supply to demand)
15h45	16h00	Coffee Break
16h00	17h20	Round table and general discussion
17h20	17h30	Closure & Family Photo

FOREWAY Project Thematic Workshop on "Carbon Offsetting: Balancing Opportunities and Challenges"

Session Contents (preliminary)

Tuesday, October 22nd, 2024

Session 1: Carbon accounting and potential

10h00-11h10	New tools for carbon estimation under improved forest management absorption projects	Rubén Ramos, Yoel Núñez (ICIFOR-CSIC)
	Carbon2Mine: forest management models and carbon cycle	Pilar Durante (Agresta)
	Challenges and opportunities in achieving Net-Zero: evaluating carbon sequestration in public grant schemes for woodland expansion in Scotland	Alessandro Gimona (The James Hutton Institute, UK)

Session 2: Challenges and opportunities for carbon offsetting

11h20-13h00	Improved Forest Management and its impact on ecosystem services	Marta Ezquerro (ETSIM-UPM)
	Presentation of the Spanish Forum of Forest and Climate (FBCC)	Sergio de la Cruz (FBCC)
	Land use response to stochastic price signals in a simulated carbon market	Richard Hewitt (IEGD-CSIC)
	The Long-Term Impact of Forest Fires on Carbon Sequestration in Europe	Osman Hakan Can (U. Barcelona)
	Carbon offsets fraud	Héctor Santed (SEPRONA)

Session 3: Market perspectives (from supply to demand)

14h15-15h45	Voluntary carbon credits markets and CO ₂ absorption projects	Araceli de Carlos (CARBON2NATURE)
	Technology and Innovation to promote Carbon offsetting through reforestation and afforestation: Grupo SYLVESTRIS case	Francisco Martínez (Grupo Sylvestris)
	Climate Credits: a new tool to incentivize the provision of forest ecosystem services from small private forests in Catalonia	Teresa Baiges (Forest Ownership Centre Catalonia)
	Exploring Organizational Attitudes and Preferences Toward Forest Carbon Offset: A Case Study of the Spanish Carbon Footprint Registry	Brenda Morales (IPP-CSIC)
